INFORMATION CIRCULAR
as at April 22, 2022 except as otherwise indicated

This Information Circular is furnished in connection with the solicitation of proxies by the management of Prism Resources Inc. (the “Company”) for use at the annual general meeting (the “Meeting”) of its shareholders to be held on June 1, 2022 at the time and place and for the purposes set forth in the accompanying Notice of Meeting.

In this Information Circular, references to the “Company”, “we” and “our” refer to **Prism Resources Inc.** “Common Shares” means common shares without par value in the capital of the Company. “Registered Shareholders” means shareholders whose Common Shares are registered in their names. “Beneficial Shareholders” means shareholders who do not hold Common Shares in their own name and “intermediaries” refers to brokers, investment firms, clearing houses and similar entities that own securities on behalf of Beneficial Shareholders.

GENERAL PROXY INFORMATION

Solicitation of Proxies

The solicitation of proxies will be primarily by mail, but proxies may be solicited personally or by telephone by directors, officers and regular employees of the Company. The Company will bear all costs of this solicitation. We have arranged for intermediaries to forward the meeting materials to beneficial owners of the Common Shares held of record by those intermediaries and we may reimburse the intermediaries for their reasonable fees and disbursements in that regard.

Appointment of Proxyholders

The individuals named in the accompanying form of proxy (the “Proxy”) are directors and/or officers and legal counsel for the Company. **If you are a shareholder entitled to vote at the Meeting, you have the right to appoint a person or company other than the persons designated in the Proxy, who need not be a shareholder, to attend and act for you and on your behalf at the Meeting. You may do so either by inserting the name of that other person in the blank space provided in the Proxy or by completing and delivering another suitable form of proxy.**

Voting by Proxyholder

The persons named in the Proxy will vote or withhold from voting the Common Shares represented thereby in accordance with your instructions on any ballot that may be called for. If you specify a choice with respect to any matter to be acted upon, your Common Shares will be voted accordingly. The Proxy confers discretionary authority on the persons named therein with respect to:

- (a) each matter or group of matters identified therein for which a choice is not specified, other than the appointment of an auditor and the election of directors,
- (b) any amendment to or variation of any matter identified therein, and
- (c) any other matter that properly comes before the Meeting.

In respect of a matter for which a choice is not specified in the Proxy, the management appointee acting as a proxyholder will vote in favour of each matter identified on the Proxy and, if applicable, for the nominees of management for directors and auditor as identified in the Proxy.

Registered Shareholders

Registered Shareholders may wish to vote by proxy whether or not they are able to attend the Meeting in person. Registered Shareholders electing to submit a proxy may choose one of the following methods to do so:

- (a) complete, date and sign the enclosed form of proxy and return it to the Company's transfer agent, Computershare Trust Company of Canada ("Computershare"), by fax within North America at 1-866-249-7775, outside North America at (416) 263-9524, or by mail to the 8th Floor, 100 University Avenue, Toronto, Ontario, M5J 2Y1 or by hand delivery at 3rd Floor, 510 Burrard Street, Vancouver, British Columbia, V6C 3B9; or
- (b) use a touch-tone phone to transmit voting choices to a toll free number given in the proxy. Registered shareholders who choose this option must follow the instructions of the voice response system and refer to the enclosed proxy form for the toll free number and the holder's 15-digit control number; or
- (c) via the internet at Computershare's website, www.investorvote.com. Registered Shareholders must follow the instructions provided on the website and refer to the enclosed proxy form for the holder's 15-digit control number.

Registered Shareholders must ensure that the proxy is received at least 48 hours (excluding Saturdays, Sundays and statutory holidays) before the Meeting, or the adjournment thereof, at which the proxy is to be used.

Beneficial Shareholders

The following information is of significant importance to shareholders who do not hold Common Shares in their own name. Beneficial Shareholders should note that the only proxies that can be recognized and acted upon at the Meeting are those deposited by registered shareholders (those whose names appear on the records of the Company as the registered holders of Common Shares) or as set out in the following disclosure.

If Common Shares are listed in an account statement provided to a shareholder by a broker, then in almost all cases those Common Shares will not be registered in the shareholder's name on the records of the Company. Such Common Shares will more likely be registered under the names of intermediaries. In Canada the vast majority of such Common Shares are registered under the name of CDS & Co. (the registration name for The Canadian Depository for Securities Limited, which acts as nominee for many Canadian brokerage firms), and in the United States, under the name of Cede & Co. as nominee for The Depository Trust Company (which acts as depository for many U.S. brokerage firms and custodian banks).

Intermediaries are required to seek voting instructions from Beneficial Shareholders in advance of meetings of shareholders. Every intermediary has its own mailing process and provides its own return instructions to clients.

There are two kinds of Beneficial Shareholders: Objecting Beneficial Owners ("OBOs") object to their name being made known to the issuers of securities which they own; and Non-Objecting Beneficial Owners ("NOBOs") who do not object to the issuers of the securities they own knowing who they are.

For this Meeting, Broadridge Financial Solutions, Inc. ("**Broadridge**") will mail the Meeting proxy materials to the Beneficial Shareholders. This year the Company will not be taking advantage of the provisions of National Instrument 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer* that permit the Company to deliver proxy-related materials directly to its NOBOs and OBOs. As a result, Beneficial Shareholders will receive a Voting Instruction Form ("**VIF**") from Broadridge, which VIF should be completed by the Beneficial Shareholder and returned to Broadridge in the envelope provided or by a delivery option described on the VIF itself, which contains complete instructions. Broadridge will tabulate the results of the VIFs received from Beneficial Shareholders and will provide appropriate instructions at the Meeting with respect to the Common Shares represented by the VIFs Broadridge receives.

These securityholder materials are being sent to both registered and non-registered (beneficial) owners of the securities of the Company. If you are a beneficial owner, and the Company or its agent sent these materials to you directly, your name, address and information about your holdings of securities were obtained in accordance with applicable securities regulatory requirements by the intermediary holding securities on your behalf.

The proxy form supplied to you by your broker will be similar to the proxy provided to registered shareholders by the Company. However, its purpose is limited to instructing the intermediary on how to vote your Common Shares on your behalf. Most brokers delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. ("Broadridge") in Canada and in the United States. Broadridge mails a Voting Instruction Form ("VIF") in lieu of the proxy provided by the Company. The VIF will name the same persons as are named on the Company's form of Proxy to represent your Common Shares at the Meeting. You have the right to appoint a person (who need not be a Beneficial Shareholder of the Company), who is different from any of the persons designated in the VIF, to represent your Common Shares at the Meeting, and that person may be you. To exercise this right, insert the name of the desired representative, which may be you, in the blank space provided in the VIF. The completed VIF must then be returned to Broadridge in accordance with Broadridge's instructions. Broadridge will then tabulate the results of all instructions received and provide appropriate instructions respecting the voting of Common Shares to be represented at the Meeting and the appointment of any shareholder's representative. **If you receive a VIF from Broadridge, the VIF must be completed and returned to Broadridge, in accordance with its instructions, well in advance of the Meeting in order to have your Common Shares voted or to have an alternate representative duly appointed to attend the Meeting to vote your Common Shares.**

Revocation of Proxies

In addition to revocation in any other manner permitted by law, a registered shareholder who has given a proxy may revoke it by:

- (a) executing a proxy bearing a later date or by executing a valid notice of revocation, either of the foregoing to be executed by the registered shareholder or the registered shareholder's authorized attorney in writing, or, if the shareholder is a corporation, under its corporate seal by an officer or attorney duly authorized, and by delivering the proxy bearing a later date to Computershare, or at the address of the registered office of the Company at 1500 Royal Centre, 1055 West Georgia Street, P.O. Box 11117, Vancouver, British Columbia, V6E 4N7, at any time up to and including the last business day that precedes the day of the Meeting or, if the Meeting is adjourned, the last business day that precedes any reconvening thereof, or to the chairman of the Meeting on the day of the Meeting or any reconvening thereof, or in any other manner provided by law, or
- (b) personally attending the Meeting and voting the registered shareholder's Common Shares.

A revocation of a proxy will not affect a matter on which a vote is taken before the revocation.

CORPORATE GOVERNANCE

General

Corporate governance refers to the policies and structure of the board of directors of a company, whose members are elected by and are accountable to the shareholders of the company. Corporate governance encourages establishing a reasonable degree of independence of the board of directors from executive management and the adoption of policies to ensure the board of directors recognizes the principles of good management. The Board is committed to sound corporate governance practices as such practices are both in the interests of shareholders and help to contribute to effective and efficient decision-making.

Board of Directors

Directors are considered to be independent if they have no direct or indirect material relationship with the Company. A "material relationship" is a relationship which could, in the opinion of the Board, be reasonably expected to interfere with the exercise of a director's independent judgment.

The Board facilitates its independent supervision over management by conducting quarterly reviews of the Company's consolidated financial statements and management discussion and analysis as well as requiring material transactions to be approved by the Board prior to the transaction taking place.

The independent Board members are Robert Parsons and Timothy Moody. The non-independent directors are Brian Kerzner, Interim President and CEO and Scott M. Ross, CFO and Corporate Secretary.

Directorships

The current directors are board members of other reporting issuers as follows:

Name of Director	Name of Reporting Issuer	Exchange
Robert Parsons	Pan Global Resources Inc.	TSXV
	Indico Resources Ltd.	TSXV
Scott M. Ross	Bearclaw Capital Corp.	TSX-NEX

	Mirasol Resources Ltd.	TSXV
	Indico Resources Ltd.	TSXV

Orientation and Continuing Education

When new directors are appointed, they receive an orientation, commensurate with their previous experience on the Company's properties and on the responsibilities of directors.

Board meetings may also include presentations by the Company's management and employees to give the directors additional insight into the Company's business.

Ethical Business Conduct

The Board finds that the fiduciary duties placed on individual directors by the Company's governing corporate legislation and the common law and the restrictions placed by applicable corporate legislation on an individual director's participation in decisions of the Board in which the director has an interest have been sufficient to ensure that the Board operates independently of management and in the best interests of the Company.

Nomination of Directors

The Corporate Governance and Nominating Committee considers the size of the Board each year when it considers the number of directors for election at the annual meeting of shareholders, taking into account the number required to carry out the Board's duties effectively and to maintain a diversity of views and experience.

Compensation

Oversight and Description of Director and NEO Compensation

The Company is a junior resource company listed on the TSX Venture Exchange (the “Exchange”), and its prime business is the acquisition and exploration of mineral properties.

The Board has an established Compensation Committee, and Messrs. Robert Parsons (Chair), Timothy Moody and Scott Ross were members of the Compensation Committee during the year ended December 31, 2021. Messrs. Parsons and Moody are the independent directors on the Compensation Committee. Mr. Ross is not independent.

There is no written position description for the Chair of the Compensation Committee. However, generally, the Chair is responsible for setting the direction for the work of the Compensation Committee, ensuring that members have the information needed to do their jobs, overseeing the logistics of the Compensation Committee’s operations, reporting to the Board on the committee’s decisions and recommendations and setting the agenda for the meetings of the Compensation Committee.

The Compensation Committee is responsible for assisting the Board in monitoring, reviewing and approving compensation policies and practices of the Company and its subsidiaries and administering the Company’s share option plan. With regard to the CEO, the Compensation Committee is responsible for reviewing and approving corporate goals and objectives relevant to the CEO’s compensation, evaluating the CEO’s performance in light of those goals and objectives and making recommendations to the Board with respect to the CEO’s compensation level based on this evaluation. In consultation with the CEO, the Compensation Committee makes recommendations to the Board on the framework of executive remuneration and its cost and on specific remuneration packages for each of the directors and officers other than the CEO, including recommendations regarding awards under equity compensation plans.

The Compensation Committee has the authority to engage and compensate, at the expense of the Company, any outside advisor that it determines to be necessary to permit it to carry out its duties (including compensation consultants and advisors), but it did not retain any such outside consultants or advisors during the financial year ended December 31, 2021.

General Compensation Strategy

The Compensation Committee has not formally considered the implications of the risks associated with the Company's compensation policies and practices. The executive officers of the Company are compensated in a manner consistent with their respective contributions to the overall benefit of the Company, and in line with the criteria set out below.

Executive compensation is based on a combination of factors, including a comparative review of information provided to the Compensation Committee by compensation consultants, recruitment agencies and auditors (if any) as well as historical precedent. The Compensation Committee has not found it necessary to retain any compensation consultants or other compensation advisers in respect of any prior fiscal years. In the circumstances of a mineral exploration company such as Prism, the ability of each executive officer to determine and carry out generative programs based on new geological theories or concepts in previously unexplored areas, the ability to source and secure promising mineral properties, the ability to raise the necessary capital to explore such properties and maintain the Company's ongoing activities, the ability to focus the Company's resources and to appropriately allocate such resources to the benefit of the Company as a whole, the ability to ensure compliance by the Company with applicable regulatory requirements and the ability to carry on business in a sustainable manner are all considered by the Compensation Committee to be of primary importance in assessing the performance of the Company's executive officers.

The Compensation Committee has not established a formal set of benchmarks or performance criteria to be met by its NEOs, rather, the members of the Compensation Committee use their own assessments of the success (or otherwise) of the Company, both absolutely or in relation to companies they consider to be its peers, to determine, collectively, whether or not the executive officers are successfully achieving the Company's business plan and strategy and whether they have over or under performed in that regard.

Elements of Executive Compensation

The Company's executive officer compensation is composed of two parts: base salary or fees and long-term incentives.

Base Salary or Fees

Executives are engaged either directly or through executive services companies and are paid a monthly consulting fee for their services. Base fees of the Company's executive officers are determined through the annual assessment of each individual's performance and experience and other factors the Board and Compensation Committee consider to be relevant, including prevailing industry demand for personnel having comparable skills and performing similar duties, the compensation the individual could reasonably expect to receive from a competitor and the Company's ability to pay.

See "*Director and Named Executive Officer Compensation*" below for details of the payments made to the Directors and NEOs in the financial years ended December 31, 2021 and December 31, 2020.

Long-Term Incentives – Share Options

The second component of the executive officers' compensation is the granting of options to purchase common shares pursuant to the terms of the Company's Share Option Plan. The Compensation Committee or the Board may grant share options on an annual basis to directors, executive officers and senior managers.

The Company has a share option plan in place which was amended and restated April 25, 2022 (the "Plan") to accommodate changes required by the new Share Based Compensation Policy adopted by the TSX Venture Exchange in November 2021. The Plan was established to provide incentive to qualified parties to increase their proprietary interest in the Company and thereby encourage their continuing association with the Company. The Plan is administered by the Board, and provides that options will be issued pursuant to option agreements to directors, officers, employees or consultants of the Company or a subsidiary of the Company. All options expire on a date not later than ten years after the issuance of such option.

Previous grants of option-based awards are taken into account when considering new grants of options. Subject to Plan requirements, TSXV policy requirements and any necessary regulatory approval, the Shareholders must authorize certain amendments to the Plan.

The Plan is an important part of the Company's long-term incentive strategy for its officers and directors, permitting them to participate in appreciation of the market value of the common shares over a stated period of time. The Plan is intended to help attract and retain employees by providing them with an opportunity to participate in the future success of the Company and to reinforce commitment to long-term growth in profitability and shareholder value. The Plan is designed to encourage share ownership and entrepreneurship on the part of the senior management and employees. The Board believes that the Plan aligns the interests of the executive officers and the Board with shareholders by linking a component of executive compensation to the longer term performance of the common shares.

In determining the number of share options to be granted to the executive officers and directors, the Board or the Compensation Committee, as the case may be, takes into account the number of share options, if any, previously granted to each executive officer and director and the exercise price of any outstanding options to ensure that such grants are in accordance with the policies of the Exchange.

The number of share options granted to officers and directors is also dependent on each officer's and director's level of responsibility, authority and importance to the Company and to the degree to which such officer's or director's long term contribution to the Company will be key to its long term success.

In monitoring or adjusting the option allotments, the Board or the Compensation Committee, as the case may be, takes into account its own observations on individual performance (where possible), its assessment of individual contribution to shareholder value and previous option grants. The scale of options is generally commensurate to the appropriate level of base compensation for each level of responsibility. The Board or the Compensation Committee will make these determinations subject to and in accordance with the provisions of the Plan.

The Company did not grant any options to its NEOs or its directors in the financial year ended December 31, 2021.

Director and Named Executive Officer Compensation

The Company was not in a position to compensate any of its officers or directors until July 2016 when, effective July 1, 2016, the Compensation Committee recommended, and the Board approved, the payment of a monthly retainer of \$2,500 to be paid to the Company's (non-executive) Chairman of the Board and the payment of director's fees.

Director Compensation – Fees

Each director is entitled to participate in any security-based compensation arrangement or other plan adopted by the Company from time to time with the approval of the Board. The directors are reimbursed for expenses incurred on the Company's behalf. In addition, during the fiscal year ended December 31, 2021, the Company compensated its non-executive directors by paying them \$2,000 per month for their services as directors.

The Company is again in the financial position where director fees are accruing due from the 2017 third financial quarter to and including the fourth quarter of fiscal 2021, which accrued directors' fee amounts remain unpaid to date.

NEOs who also act as directors of the Company do not receive any additional compensation for services rendered in such capacity, other than as paid to such NEO by the Company in their capacity as an executive officer.

The following "Table of Compensation, excluding Compensation Securities" provides a summary of the compensation paid by the Company to each NEO and director of the Company, current or former, for the two most recently completed financial years ended December 31, 2021 and December 31, 2020. - (f) If an Optionee dies, any vested option held by him or her at the date of death will become exercisable by the Optionee's lawful personal representatives, heirs or executors until the earlier of one year after the date of death of such Optionee and the date of expiration of the term otherwise applicable to such option.
- (g) In the case of an Optionee being dismissed from employment or service for cause, such Optionee's options, whether or not vested at the date of dismissal, will immediately terminate without right to exercise same.
